

THE GUARD DAWG™

NEW TECHNOLOGY FOR CONSTRUCTORS

Imagine...

Protecting a job site without having any worries of equipment or materials be stolen. THE GUARD DAWG™ service will call you if a wireless trigger (below) is tripped.

New Digital Cell Burst Technology

Protect Anything ...

It's the most powerful wireless money can buy with a half mile range. THE GUARD DAWG™ can protect anything indoors or outdoors. This unit is tamper proof with no phone line to cut. From motion to vibration the triggers will protect your property and equipment.

Anywhere...

The wireless network covers 95% of the cellular service areas in the United States and Canada, with no roaming, no long distance, and no cell phone charges. That is what makes THE GUARD DAWG™ 100% wireless. No phone lines to cut.

Anytime...

If you have ever been robbed, you know you want protection NOW! NOW means RIGHT NOW! No waiting. NO hassles. Take Control. When a trigger has been activated a service will call you and inform you.
